

## 2<sup>nd</sup> International conference on **METABOLOMICS AND METABOLISM**

March 23-24, 2022 | Webinar

### **Announcement :**

#### **Metabolic Pathways, the Connection between Metabolomics and Metabolism**

With the Successful completion of “2nd International Conference on Metabolomics and Metabolism” which was held during March 23-24, 2022 | Webinar. The theme of the conference was “Scientific study of the living organisms by Metabolic Pathways”. The Keynote Speakers are: Dr Hossein Nezakati, Dr Amir Reza Sadrolhosseini, Dr. Prakash Kondekar. The major sessions of the congress were Metabolomics, Metabolic Profiling, Metabolic Fingerprinting, Immuno Metabolomics, Carbohydrates in metabolism, Cancer metabolism.

The “3rd International Conference on Metabolomics and Metabolism” has been scheduled in Toronto, Canada during October 10-11, 2022, with the theme: Exploring the Benefits and Advancements in Metabolomics and Metabolism”. Metabolomics 2022 is planned to offer a prominent opening to the experts in the field of Metabolomics and Metabolism to discuss latest research and challenges in the meadow. Metabolomics is planned to provide a special podium for Registered Dieticians, Nutritionists, Doctors, Health-care professionals, Researchers and Students working in the field to consciously, exchange visions and their understandings in front of large intercontinental listeners. This Metabolomics Conferences or rather all Metabolism events and Metabolomics conferences can facilitate in intermingling with totally different brains in Metabolism and Nutrition throughout the planet, B2B construction between specialists and academicians. The companies handling organic process merchandise and supplements will exhibit their merchandise within the Metabolomics Conferences.

Metabolomics Conference is primarily focused on Metabolomics and Metabolism 2022 focuses more on recent advancements in the field of metabolomics and metabolism in treating the world with healthful eating habits. We invite you to join us in the mission & take a step ahead along towards finding the greatest approach to create a disease free world. The chemicals market expected to reach a value of nearly \$4216.55 billion by 2022, significantly growing at a CAGR of 5.4% during the forecast period.
