EDITORIAL NOTE

I am pleased to mention about the Journal of Steroids & Hormonal Science that during the year 2019, all Issues of volume 10 were published online well within the time and the print issues were also brought out and dispatched within 30 days of publishing the issue online.

Journal of Steroids and Hormonal Science (JSHS) is an international research journal Committed to studies on all Biological and Chemical aspects of steroidal moieties, laboratory and field studies concerning endocrine as well as endocrine mechanisms controlling the development or adult expression of behaviour to studies concerning the environmental control and evolutionary significance of hormone-behaviour relationships.

All published articles of JSHS journal are included in the indexing and abstracting coverage of: CAS Source Index (CASSI), Index Copernicus, Google Scholar, Sherpa Romeo, Open J Gate, Genamics JournalSeek, JournalTOCs, Ulrich's Periodicals Directory, RefSeek, Hamdard University, EBSCO A-Z, OCLC-WorldCat, Publons and Geneva Foundation for Medical Education and Research.

During the calendar year 2019, JSHS received a total of 6 papers, out of which 3 articles (50%) were rejected in the preliminary screening due to plagiarism or being out of the format and peer review process. During 2019 around 3 articles were subjected for publication after they are accepted in the peer review process. In the 2 issues of Volume 10 published during the year 2019, a total of 1 article were published of which, articles were published from authors all around the world. A total of 14 research scientists from all over the world reviewed the 3 articles published in volume 10.

During the calendar year 2019, a total of 2 Editors, 13 Reviewers joined the board of JSHS and contributed their invaluable services towards contribution as well as publication of articles.

JSHS specializes in digital advertising to help clients inform and attract new customers quickly and efficiently. The size and diversity of our advertising options, including banners, sponsored emails, article alerts or newsletters, provide clients with the very best customized marketing opportunities in science and medicine. If you are looking for a global exposure for your products and services, this is the right place for you. With over 5 million readers worldwide and nearly 3 million hits a month on our website, we have engaged audience of students, research scholars, scientists, doctors, professors, pharmacists and professionals from companies across the domains.

JSHS is going brings articles in all areas related to Advances in Steroids Detection, Advances in Steroids Treatment, Anabolic Steroids, Catabolic Steroids, Cortico Steroids, Epidural Steroids, Female Steroids, Gyno Steroids, Hormonal Disorders, Hormonal Therapy, Hormone Epinephrine, Illegal Steroids, Liquid Steroids, Nasal Steroids, Neuroactive steroids, Oral Steroids, Sex Hormone, Steroid Myopathy, Steroid Transformation, Steroids Addiction, Steroids and Alcohol, Steroids in Pregnancy, Steroids Supplements, Synthetic Steroids, Veterinary Steroids, on bimonthly basis. We are approaching researchers throughout the world to submit manuscript on special issue through mail, twitter and linkedin.

I take this opportunity to acknowledge the contribution of Paul E Micevych, Editor-in-Chief during the final editing of articles published and the support rendered by the editorial assistant, in bringing out issues of JSHS in time. I would also like to express my gratitude to all the authors, reviewers, the publisher, the advisory and the editorial board of JSHS, the office bearers for their support in bringing out yet another volume of JSHS and look forward to their unrelenting support to bring out the Volume 11 of JSHS in scheduled time. the combination of adherence to specific public health guidelines and vitamin D supplementation regimens.
