

# Endocrinology & Diabetology in the Present era of COVID-19

Igor Kelpikov\*

Retired Doctor, Dana Children's Hospital, Sourasky Medical Center, Tel Aviv, Israel

## ABSTRACT

**Endocrinology Conference:** It is our great pleasure to invite you to participate in the 12th Edition of webinar conference on Endocrinology & Diabetology which is an Online Webinar which will take place during 20-21 July 2020. The dedicated webinar theme is: **Endocrine and metabolic link to corona virus infection**. The purpose of the webinar is to bring together endocrinologists, diabetologists, Health Care Professionals and many experts to discuss the key note topics on Endocrinology & Diabetology. This meeting will enable exchange of ideas and knowledge between different disciplines for facilitating research and clinical interdisciplinary collaborations focusing on endocrinology. Let's join hands for the future of this world, for the Next-gen of mankind, for the prospective and collective efforts to change what is within our reach and means. Our collaborative efforts have the power to change the destiny of those who are going to be affected by this type of novel viruses look up to us, Endocrinologists, Pediatricians, Diabetologists, Gynecologists, all of us who deal with Endocrinology.

## EDITORIAL

The Webinar Sessions Includes: Biology of Diabetes, Clinical Diabetes and Diagnostic Approaches, Diabetic Gastro Paresis, Endocrine and Diabetes Biomarkers, Stem Cell Treatment in Diabetes, Diabetic Retinopathy, Molecular & Cellular Endocrinology, Lipid Metabolism and Diabetes, Insulin Analogues and Glucose Sensors, Genetics of Obesity, Endocrine System and Diabetes.

Our Organizing Committee includes Renowned Scientists, Researchers and Experts in the fields such as Yong-Xiao Wang, USA, David A Dawson, USA, Salma Mehar, UK, Ramesh K Adiraju, USA, Stanley Andrisse, USA, Derek C. Beatty, UK. By seeking suggestions from our committee members Endocrinology 2020 webinar is been designed with 21 sessions which comprises of all topics in the field of Endocrinology. All the submission towards endocrinology webinar are rigorously peer reviewed to ensure to accept high quality submissions by the committee members who are well experienced in their field and from various countries around the globe.

If you are looking for a global exposure for your novel research ideas and services, then this webinar would be the right place for you. As we are one of the world's leading specialist in organizing scientific conferences, workshops, symposia and exhibitions Internationally in different fields like Medical, Pharma, Engineering, Science, Technology and Business attracting more than 25 Million+

Visitors, 25000+ unique visitors per conference and 70000+ page views for every individual conference would help in quantifying our presenters research and biography visibility to the online communities and get recognized worldwide. As we're seeing the impact of COVID-19 (Coronavirus) across healthcare globally. In this webinar various eminent personalities will be sharing their clinical expertise, and professional insights about COVID-19 as well as about latest microbiology research to provide you with recommendations to optimally manage the Endocrinology Webinar of these patients who suffer from endocrinology problems.

Benefits for the Webinar attendees are as follows:

- International Speaker Certification
- Hard copy of Conference Souvenir, ID card and certificate will be sent to your address
- Online publication of the abstract in the conference website
- Abstract publication in the conference proceeding with the unique DOI given
- Exclusive Speaker Pages in relation with the conference website for registered speakers and Organizing Committee Members
- Special Publication discount benefits as a conference attendee
- Group Registration discounts
