## ABSTRACT

Taking into consideration about current situation on COVID-19 Pandemic, Conference Series LLC Ltd will be conducting a Webinar on “14th International Congress & Expo on Endocrine & Diabetic Complications” on November 09-10, 2020. The theme of the conference is “New recommendations and practical approaches in the treatment of endocrinal disorders and Management during COVID-19”. The webinar aims at providing a great scope for online interaction of Endocrinology Professionals, Diabetic Researchers, Academicians, industrialists, students and professors from around the globe on a single virtual platform.

## EDITORIAL

ENDO-COMPLICATIONS-2020 aims at discussing various scientific tracks in Diabetes & Vascular Diseases, Diabetes Nursing, Risk Factors and Related Diseases of Diabetes and Diabetes Complications and series of mechanism involved in Endocrine System and effects of the Novel Coronavirus (COVID-19) on Diabetic patients. It will also focus on the recent scientific developments made in the field of Diabetic treatment. The session will be followed by an interactive live questionnaire.

Amidst present COVID-19 scenario, Conference Series LLC Ltd wishes to provide a global cybernetic platform to all its participants. Webinars are gaining popularity, as the travel restrictions across the world continues to deal with the novel corona virus outbreak. Fortunately, modern science and technology has made it possible for Conference Series LLC Ltd to host amazing online events/webinars and to assist researchers from various fields to continue sharing their knowledge, leading to many benefits for attendees.

Few of the many benefits of these webinars are listed below:

- E-Handbook
- E-Conference Kit
- E-Certificate of Presentation
- Continuing Medical Education (CME) credits
- Continuing Professional Development (CPD) Credits
- Online Publication Of Abstract And Biography In Our Website

Which Has 25 Million Visitors

- Advertisement of Company Logo At Conference Website For Package A, Package B Business
- Career Development of Young Researchers
- Cost Effective, since no travel, accommodation or visa is required
- Hustle free experience
- Facility to access synchronous and asynchronous conferences at your time of convenience
- More number of delegates and speakers
- Publication of full research articles in reputed journals with good impact factor
- Accessibility to online conference recordings
- Opportunity to share research at a global international platform
- Live questionnaire sessions
- Instant interaction with other participants
- Global exposure to the speakers through our conference websites
- Award for various categories

The highlights of 14th International Congress & Expo on Endocrine & Diabetic Complications are mentioned below:

- Diabetes and Novel Coronavirus (COVID-19) Outbreak
- Diabetes Nursing
